

PRODUCT OVERVIEW

VIBRATION MONITORING

Piezo and fiber-optic sensors, sensor cables, sensor extension poles, calibrators, switches, handheld data collectors & meters, two-wire transmitters, signal conditioners, data acquisition, trending & protection systems

TEMPERATURE MONITORING

Hand held contact and non-contact spot thermometers, thermal data loggers, continuous thermal indicators and alarm switches, portable thermal imagers and analysis / reporting software

LASER ALIGNMENT SYSTEMS

General Purpose and Explosion Proof Pulley Systems / Shaft Systems / Specialty Systems

ULTRASONICS

Portable multi-function instrument systems for locating compressed air and vacuum leaks, acoustic vibration monitoring for rotating equipment; ultrasonic thickness for corrosion or precision measurement

VIDEO INSPECTION TOOLS

Video inspection tools for inspection and recording of inaccessible production equipment and piping etc in hazardous areas; video probes, borescopes, fiberscopes, 'push' cameras and pipe crawler systems

GENERAL MAINTENANCE PRODUCTS & SERVICES

Strobes (Xenon & LED) Tachs (handheld & fixed) Shims & Weights Power Quality Meters Repairs / Calibrations

REPRESENTING

Danatronics Danvers, MA	video probes, fiberscopes, video recorders, ultrasonic thickness gauges
DeltaTRAK Scientific Pleasanton, CA	thermometers and data loggers for quality control in food plants etc
ECA Hytec Montpellier Cedex, France	pipeline / drain video inspection systems for pipes 80mm to 1200mm; explosion proof and general purpose service, 300 M insertion length
Gradient Lens Rochester, NY	video probes, fiber scopes and borescopes; optical tool repairs
Portermax Reno, NV	OEM replacement analyzer accessories including jackets, memory cards battery packs, chargers, telescopic poles and more
ProvibTech Houston, TX	vibration protection instruments – monitoring systems, field mounted switches, universal proximity probes and drivers
Power Monitors Inc Mt. Crawford, VA	handheld power quality analyzers, power quality kits, power quality recorders, and transient recorders
QPS Photonics Montreal, QC	vibration measurement for extreme harsh service (temp/radiation/access) as well as oil and gas leak detection, load measurement
RF System Lab Gaylord, MI	high resolution optical inspection camera system; outstanding features at an attractive price
Sonotec Yardly, PA	ultrasonic instruments for leak detection, seal tightness, bearing condition trending, and the prevention of over-lubrication of bearings
Shimpo America Itasca, IL	broad line of quality stroboscopes and tachometers
Spectrum Instruments Brighton, ON	<ul style="list-style-type: none"> • Video probe inspection systems with color LCD and digital storage • calibration & repair of data collectors, laser alignment systems & shakers • data collector extension poles up to 24' extended • wireless vibration/process data acquisition systems • infrared spot thermometers D:S from 1 to 50, with integral flashlight
Swann & Associates Long Beach, CA	proximity probe holders, compatible with Bently, Metrix and Provibtech
Swantech Fort Lauderdale, FL	trending of high frequency stress waves to determine machine condition; valve leak monitoring systems; transformer condition trending
Technekon Houston, TX	vibration meter / analyzers, data collectors and database software
Wilcoxon Research, Inc Germantown, MD	vibration sensors, sensor mounting, cabling and termination boxes: two-wire transmitters and conditioning modules
Zibra Corp. Westport, MA	industrial borescopes (rigid and semi rigid) and fiberscopes, with insertion diameters as small as 0.4 mm; custom scopes & repairs

AUTHORIZED DISTRIBUTORS & RESELLERS

Canada:	Quebec, Ontario, Saskatchewan, Alberta, British Columbia
International:	Australia, Costa Rica, Egypt, India, Indonesia, Malaysia, S. Africa, United Kingdom, USA
